

Product Information

From the Audio-Book series

The new PharmAudio series provides most current regulatory guidelines for Pharmaceutical Industry with qualified comments based on over twenty years of experience in the field.

Audiobook EU GMP Annex 13

Read by
Alison Ripplier,
Dr Joseph Ripplier and
Dr Rango Dietrich

The requirements stipulated by GMP (Good Manufacturing Practice) for the preparation of investigational medicinal products are regulated in Annex 13. Many interfaces to GCP (Good Clinical Practice), the QP (Qualified Person) and to the entire supply chain have to be translated professionally into real processes.

Dr Rango Dietrich provides comments on the most important texts, drawing on over twenty years of experience, to make the texts easier for the listener to understand.

This Audiobook contains the original text of Annex 13 in English with comments also in English and is available as Double-CD with Amazon or [PharmAudio](#) directly. The recommended retail price for this version is EUR 17.90 (excl. Postage and 19% VAT, respectively).

The Audiobook is also available for download from the popular download platforms (iTunes, audible.de, Amazon, Google Play).
